## Kainos Having Fun in 2021! ~ Bowling ~

**Gail Biela,  
Allison Easterbrook  
& Patty Eason**

Creating FUN has been the theme at Kainos since the global pandemic began. Our clients and staff, for a year and what seems like forever, rallied and “made lemonade out of lemons” on a daily basis. As we all became vaccinated and started feeling safe we sat and thought what is the most FUN thing our clients like to do but haven’t been able to do since the pandemic began.

It was easy:

GO BOWLING. Bel Mateo Bowl worked with us to make a fun filled day for our clients. It was fun to see them get spares and strikes and the occasional gutter ball ending with a WhoooooHooo or a high five and of course the non-stop smiles and thumbs up. But for me, the most heartfelt gestures I witnessed were our clients being able to hug each other, hearing “I’ve missed you” and “isn’t this FUN?!”

## ~ Picnic ~

Scheduled for June 17th (turns out to be the hottest day so far of the year) Kainos clients and staff all got together at Red Morton park. To see everyone’s entire face, no masks, was truly a milestone as all have been vaccinated from the COVID 19 virus. We celebrated over great conversation, great food from Armadillo Willy’s, ice cream and a water fight. Comradery, laughter and of course the Kainos theme : FUN ...was had by all!

# DIRECTOR'S NOTE

Keep Calm and Carry On. Such a critical campaign for the British in World War Two. It serves a much smaller yet critical role for us at Kainos through the ongoing phases of the pandemic. While in the beginning, we felt like it was a life-or-death struggle keeping the virus at bay and out of our facilities, now we are getting on with our work and our lives, while keeping in mind the COVID risks and necessary precautions.

Clients are engaging in the community, volunteering, having fun, connecting with missed family and friends. It feels delightful, yet some things are still different. Regular temperature readings, extra cleanings, and smaller groups on many of our excursions. We still try and avoid eating indoors at restaurants.

Our work at Kainos continues with staff helping clients find jobs, clients moving to more independent settings to live and regulatory agencies catching up on their visits. We have concluded countless Zoom meetings and have successfully passed multiple licensing inspections, GGRC Quality Assurance consultations and a triennial visit from the Commission on Accreditation of Rehabilitation Facilities.

All our events needed to be cancelled for 2021 (except for the Kainos/Downtown Business Group beer and wine booth at the Redwood City Concerts in the Square). We are hopeful that 2022 will see a return to more of our traditional fund and fun-raisers.

Over the summer, we held our most successful membership drive ever. Thank you! If you haven't contributed yet (or if you have and are feeling extra generous) we have another opportunity for you:

With many of our activities occurring in smaller groups, there has been a significant increase in demand for use of our vehicles and we see that we need to increase our fleet by 4 vehicles.

**A generous, anonymous donor has pledged to match the first \$50,000 we raise towards this vehicle acquisition fund. If we can fully reach this challenge, we will have enough funds for the first 3 needed vehicles. Please consider supporting this campaign. Just designate your gift to the 2021 vehicle fund either online at [kainosusa.org](http://kainosusa.org) or by check or cash.**

**We appreciate you!**

We look forward to seeing you out and about as we continue with our mission of helping adults with intellectual and developmental disabilities lead active and fulfilling lives as contributing members of the community. - *Andy*

## ***CARF - Commission on Accreditation of Rehabilitation Facilities***

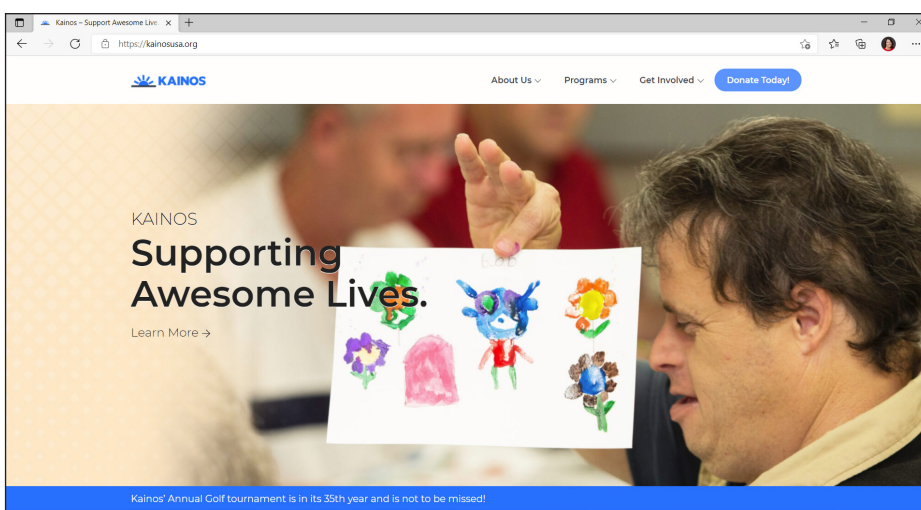

**Three Year  
Accreditation**

Every three years Kainos Vocational Services is evaluated in depth by CARF (Commission on Accreditation of Rehabilitation Facilities) from programming, to accessibility, to performance measurement to financials.

2020 marked our survey date for renewal...  
but like everything else Covid-19 changed that.

The evaluation was cancelled! Later that year CARF let us know that we would have a virtual assessment in March of 2021. We know that our programs and how we run our organization are stellar and so easy to show during an “in person” survey.... So how was this going to be possible through a Zoom platform? We are pleased to say that we shine even through a computer screen Kainos received the highest praise possible, a Three Year Accreditation!

**THANK  
YOU!**

Kainos would like to thank Dave Gouldon and Naomi Okubi for their efforts in building and designing our new website. They have done an amazing job! Check it out! You can even make donations on-line

## Happy Birthdays By Andrea Stilleson

At Kainos, we make it a point to ensure everyone has a very **happy birthday**. Over the past year, these celebrations required creativity. Especially when several Kainos residents reached some impressive ages that were worthy of major parties! We managed to celebrate each of these milestones whether it was a drive-by birthday party with cupcakes and goody bags to go or a post-vaccination outdoor birthday party where friends could come together with a renewed sense of celebration. Here is a little bit about some of the folks who are “aged to perfection” of late.

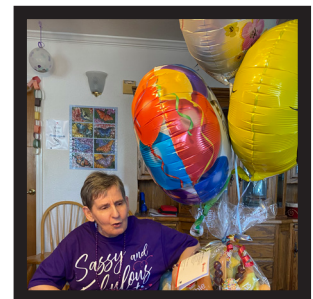

**Thurman Nichols** hit 70 on July 9th of last year. I spoke to Thurman about turning the big 7-0 and what it means to him. Thurman told me that he loves his age and he loves this place (Kainos) too! After all, it’s at Kainos that Thurman met his love Patty Eason. They had a beautiful wedding ceremony in December of 2011. Reminiscing about his 40 plus years in the Kainos community, Thurman talks frequently about his career working for almost two decades at Lucky in Woodside Plaza. For his 70th, Marie and the staff at Thurman’s house helped him plan an Elvis themed drive-by birthday bash where guests were treated to the sounds of Elvis and left with a chicken bake and a cupcake to-go!

**Patty Eason-Nichols** turned 75 on August 26th! Patty says it feels good to be 75. When I asked what makes her happy she told me, “everything!” That sums up Patty. She is always ready to have a good time and brings a gentle spirit and positive energy to the group. Patty has a mind like a steel trap and helps everyone out remembering all of the important details. She loves being married to Thurman and she especially loves their many travels together to Disneyland, a Baja cruise, and most importantly for two Elvis fanatics.....multiple trips to Graceland! Her birthday was celebrated with an Italian dinner with her husband and friends at home.

Last November 23rd, **Margaret Hedvall** turned the big 8-0! Margaret is a foundational member of the Kainos community. Diane Smith shares wonderful memories of riding around in her '63 VW Bug with Margaret and escorting her to a community college class “stretch and sew” where Margaret insisted they model in the fashion show. Diane’s favorite memory is when she drove Margaret back from getting her first hearing aids and she watched Margaret become overwhelmed hearing music on the radio for the first time. Very special! Margaret’s birthday party was an intimate affair with housemates enjoying a Bar-B-Q feast at home. Flowers and balloons decorated the party and the height of the pandemic did not dampen the mood!

March 20th of this year marked **Patty Colmen’s** 70th and it called for friends, fun and a delicious Chinese lunch set up outside with vanilla cake for dessert --Patty’s favorite! Patty’s wanted a Mardi Gras themed party (the woman knows a good time when she sees one!) and loads of friends stopped by for the festivities and got to take in the green and purple balloons and decorations. If you know Patty, you know she is not only a beloved and charming long time Kainos resident, but she is a style maven who always matches her clothes to her jewelry and adores beads. This meant that per her instructions, guests

# Reading Library from Kainos Community Connections

~ Could you help us with our Book Wish List? ~

Community Connections is very excited to announce that we are building a Lending Library at KVS! This library will be used to support reading skills, classes, and beginning computer skills. We're off to a great start so far, but we could use some help in expanding our book selection in some specific areas. If you would like to donate titles, please visit our Community Connections

Happy Birthdays; continued from Page 4

**Maureen McLoughlin  
and  
Jim Philbrick**

**Susan Regan** turned 70 on May 5th and had an outdoor celebration with many friends joining for the occasion. She chose to have an Italian feast with about 25 friends. Her decor was royal blue as per her request. Susan told me she's a young 70 and she's looking young and feeling strong and healthy. Susan shared with me that she feels good things have happened to her because of moving to Kainos. She remembers her days Square Dancing with Andy at Red Morton Park. Susan told me though she's had many jobs over the years, her favorite was working in the Mountain View YMCA's laundry room. Susan was able to fly to Seattle and visit her beloved brother Russell prior to coming home and celebrating with friends making this special birthday complete.

**Maureen McLoughlin** turned 65 on June 11th. Maureen has made La Vista her home since 1983 and we talked about the many fun times she's had over the years going on trips with her friends and family. Maureen loves purple so much she chose to paint her bedroom a beautiful lavender color. It was no surprise that Maureen wanted purple butterflies as the theme of her birthday celebration. Maureen enjoyed a festive dinner with friends and of course had a purple cake!

**Candy Stoker, Gail Biela, Stacy Schreiber  
& Allison Easterbrook are in the  
party mood!**

**Susan Regan with Diane Smith**

# THANK YOU!

The following is our list of donors  
whose gifts were received between

**October 16, 2020 and September 30, 2021**

Kainos Home & Training Center is very thankful to all of its generous contributors.  
Without your assistance, Kainos would not be able to continue its mission  
to help adults with developmental disabilities become  
active, contributing members of our community.
